

We in the Irish community are fully aware of the commercial aspect of observing St. Patrick's Day. We are also aware of, and do not appreciate, nor do we wish to see, degrading or insulting depictions of our Irish ethnicity. We welcome celebrations, not attacks. **WE WILL NOT SUPPORT businesses or commercial outlets that insult us.**

Instead, true and complimentary aspects of our culture should be depicted involving our social organizations, dance, music, language, art and the charities we generously support. These would provide a large pool of subjects and objects worthy of your commercial attention. Celebrate the spirit of St. Patrick's Day with us.
